**BE
ORIGINAL**

It has forged new paths, revolutionizing the world of urban mobility.

It has rewritten the meaning of the word "scooter", offering higher levels of safety, multiplying human connections and making technology a central part of the daily life of our clients. Now, it's time to take another step forward. **The new Piaggio MP3** is ready to start a new chapter in the journey with its unique mix of design, technology and engineering power.

To continue to be first. Once again.

THE ONE AND ONLY

PIAGGIO MP3. THE ORIGINAL.

The first three-wheeled scooter in the world, now with three new and improved and more technologically advanced and high-performing models. The new range of 400 cc and 530 cc Euro 5 engines has been fully redesigned with exclusive accessories. It's time to climb onto the saddle of this one-of-a-kind legend in urban mobility.

PIAGGIO®

FIRST OF ALL

Stability in all conditions. Maximum safety. Comfort and excellent maneuverability even in the middle of city traffic. This is the **new Piaggio MP3**. The first three-wheeled scooter with new and improved features. It's elegant, technologically advanced and high-performing. Driving in the city will never be the same with our new models.

- **MP3 400 hpe Sport**
- **MP3 530 hpe Exclusive**

A new journey is about to start.

ARCHI TEC TURE

The breathtaking design of the new **Piaggio MP3** meets architectural engineering made to highlight the power of the new **400 cc and 530 cc Euro 5 hpe (High Performance Engines)**.

In addition to substantially increasing the motorcycle's performance, the research behind **Piaggio** has led to an even smoother, more agile and more comfortable driving experience. This is where the **NVH (Noise, Vibration, Harshness)** acronym comes from. It marks the achievement of a standard of excellence in comfort, feeling and control.

DESIGN

It's not just a matter of aesthetics. Design can create **perfect harmony between a product and its surrounding environment**. It's a constantly changing dialogue, and the new **Piaggio MP3** speaks the same language as your city. It is designed to transform your daily commutes into more exciting journeys. The soft but bold lines make for a **powerful silhouette** that draws on the allure of progress and a metropolis that races towards an undiscovered future. You will not only feel like you are driving a sleek, comfortable vehicle but will see a **mix of technology, engineering innovation and future design with your own eyes**. The combination of unique characteristics will accompany you throughout your day.

TECHNOLOGY

It's called **BLIS (Blind Spot Information System)** and it's the latest milestone in the **Piaggio Group's** constant research. The **new Piaggio MP3** has achieved new standards of safety for its high degree of reliability in its category. Its technologically advanced radar constantly monitors the rear end of the vehicle, alerting the driver if there are vehicles in the blind spots.

But that's not all. The **new MP3** has numerous new technological features. A rear camera for reverse driving and parking, a fully improved connectivity system for your phone that gives you a more sophisticated and easy view of the GPS. It makes your every move smarter and more comfortable.

VISIONARY ATTITUDE

Contemporary and intriguing, the new **Piaggio MP3 400 hpe** has a whole new design. The redesigned front and the new **Full LED lighting system** create an anterior silhouette that is unmistakable, even at night. Every little detail contains the powerful and bold character of the **MP3**, like the new rims with ten spokes or the shape of the seat. Each component helps create an **irresistible style** that will capture the attention of anyone.
